FACULTY OF CIVIL ENGINEERING AND BUILT ENVIRONMENT

The Faculty of Civil Engineering and Built Environment (FKAAB) invites prospective students to pursue studies in our accredited programmes. With modern facilities, qualified lecturers, and strong industry links, we focus on hands-on and problem-based learning. Our graduates are well-prepared with technical knowledge, problem-solving, and teamwork skills for careers in government, consultancy, construction, development, and higher education.

Undergraduate Programmes Offered

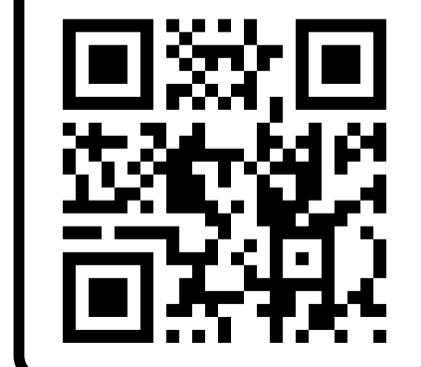

- » Bachelor of Civil Engineering With Honours
- » Bachelor of Science in Architecture

Postgraduate Programmes Offered

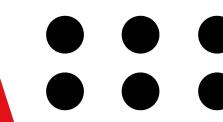

- » Doctor Of Philosophy In Civil Engineering
- » Doctor Of Philosophy in Built Environment
- » Master Of Civil Engineering (Coursework/Research)
- » Master Of Built Environment (Research)

FACULTY OF ELECTRICAL AND ELECTRONIC ENGINEERING

The Faculty of Electric and Electronic Engineering FKEE nurtures students to become dynamic, creative, and ethical graduates by integrating soft skills into the teaching and learning process. This holistic approach equips FKEE graduates to meet the demands of the job market and compete effectively in their careers.

Undergraduate Programmes Offered

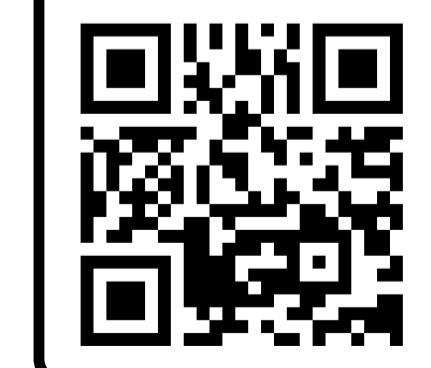

- » Bachelor of Electronic Engineering With Honours
- » Bachelor of Electrical Engineering With Honours

Postgraduate Programmes Offered

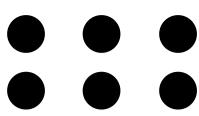

- » Doctor Of Philosophy In Electrical Engineering
- » Master Of Electrical Engineering (Coursework/Research)
- » Master Of Science In Internet Of Things (Coursework)

FACULTY OF MECHANICAL AND MANUFACTURING ENGINEERING

The Faculty of Mechanical and Manufacturing Engineering (FKMP) The Faculty of Mechanical and Manufacturing Engineering (FKMP) helps students become confident and skilled graduates. With experienced teachers and good facilities like modern labs and a training jet, students get hands-on experience in mechanical engineering, piloting, and aircraft studies. Our active student community and successful graduates show how strong the faculty is.

Undergraduate Programmes Offered

- » Bachelor of Mechanical Engineering With Honours
- » Bachelor of Aeronautical Engineering Technology (Aircraft Maintenance) With Honours
- » Bachelor of Mechanical Engineering Technology (Plant) With Honours
- » Bachelor of Engineering Technology (Aircraft Manufacturing) With Honours
- » Bachelor of Technology in Oil and Gas Plant Operation With Honours

Postgraduate Programmes Offered

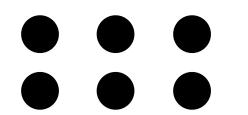

- » Doctor of Philosophy In Mechanical Engineering
- » Master of Science in Material Engineering (Mixedmode)
- » Master of Science In Manufacturing Engineering (Mixedmode)
- » Master of Science Sustainable Energy Engineering (Coursework)
- » Master of Mechanical Engineering (Coursework/Research)

FACULTY OF COMPUTER SCIENCE AND INFORMATION TECHNOLOGY

The Faculty of Computer Science and Information Technology (FSKTM) prepares students for careers in the IT field through programmes in software engineering, cybersecurity, multimedia, and web technology. The faculty also works with industries on research and innovation, helping students gain practical skills and real-world experience for future success.

Undergraduate Programmes Offered

- » Bachelor of Information Technology With Honours
- » Bachelor of Computer Science (Multimedia Computing) With Honours
- » Bachelor of Computer Science (Software Engineering) With Honours
- » Bachelor of Computer Science (Information Security) With Honours
- » Bachelor of Computer Science (Web Technology) With Honours

Postgraduate Programmes Offered

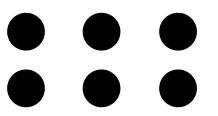

- » Doctor of Philosophy In Information Technology
- » Master of Computer Science (Software Engineering) (Mixedmode)
- » Master of Computer Science (Information Security) (Mixedmode)
- » Master of Information Technology (Research)

FACULTY OF TECHNOLOGY MANAGEMENT AND BUSINESS

The Faculty of Technology Management and Business (FPTP) offers academic programmes that integrate management, engineering technology, information and communication technology (ICT), mathematics, and science. These interdisciplinary programmes are designed to produce graduates who are skilled in both technical and managerial aspects, making them well-prepared for careers in various sectors. With a focus on innovation, entrepreneurship, and industry collaboration, FPTP equips students with practical knowledge and leadership skills to thrive in the dynamic global market.

Undergraduate Programmes Offered

- » Bachelor of Technology Management With Honours
- » Bachelor of Technology Management (Production & Operations) With Honours

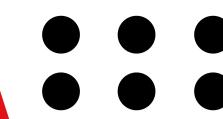

Postgraduate Programmes Offered

- » Doctor of Philosophy In Real Estate and Facilities Management
- » Doctor of Philosophy in Technology Management
- » Master of Science in Real Estate and Facilities Management (Research)
- » Master of Science in Technology Management (Research)
- » Master of Science in Construction Technology Management (Coursework)
- » Master of Science in Industrial Management (Coursework)

FACULTY OF TECHNICAL AND VOCATIONAL EDUCATION

The Faculty of Technical and Vocational Education (FPTV) fosters students to become dynamic, creative, and innovative graduates by integrating essential soft skills into the teaching and learning process. This approach equips FPTV students not only to compete, but also to excel in meeting the demands of today's job market.

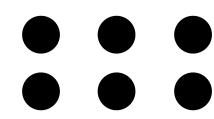

Postgraduate Programmes Offered

- » Doctor of Philosophy in Education
- » Doctor of Philosophy in Technical and Vocational Education
- » Doctor of Education
- » Master of Technical and Vocational Education (Coursework/Research)
- » Master of Technical Education (Instructional Design and Technology) (Coursework)

The Faculty of Applied Sciences and Technology (FAST) equips students with strong scientific knowledge and practical skills in applied sciences and technology. With experienced lecturers, modern facilities, and industry collaborations, the faculty prepares graduates to meet current challenges in fields such as materials science, food technology, and industrial science. FAST graduates are ready to contribute in research, industry, and innovation, both locally and globally.

Undergraduate Programmes Offered

- » Bachelor of Science (Mathematics Technology) with Honours
- » Bachelor of Science (Applied Physics) With Honours
- » Bachelor of Science (Food Technology) With Honours
- » Bachelor of Science (Industrial Statistics) With Honours
- » Bachelor of Science (Biodiversity Conservation) With Honours

Postgraduate Programmes Offered

- » Doctor of Philosophy In Science
- » Master of Science (Research)

The Faculty of Engineering Technology (FTK) focuses on emphasizing hands-on learning through labs, workshops, and industrial training, alongside theoretical knowledge to develop dynamic, creative, and ethical graduates with strong soft skills, guided by experienced faculty. The goal is to produce competent engineering technologists ready to meet the demands of various industries.

Undergraduate Programmes Offered

- » Bachelor of Civil Engineering Technology (Environmental) with Honours
- » Bachelor of Civil Engineering Technology (Building Services) with Honours
- » Bachelor of Civil Engineering Technology (Construction) with Honours
- » Bachelor of Electronic Engineering Technology (Industrial Automation) With Honours
- » Bachelor of Electrical Engineering Technology (Electrical Power) With Honours
- » Bachelor of Electronic Engineering Technology (Communication and Computer) With Honours
- » Bachelor of Mechanical Engineering Technology (Automotive) With Honours

- » Bachelor of Mechanical Engineering Technology (Manufacturing) With Honours
- » Bachelor of Mechanical Engineering Technology (Biotechnology) With Honours
- » Bachelor of Engineering Technology in Rail Transportation With Honours

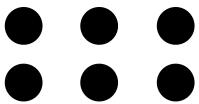

Postgraduate Programmes Offered

- » Doctor of Philosophy in Engineering Technology
- » Master of Science in Railway Engineering (Mixedmode)
- » Master of Engineering Technology (Research)
