UTHM Through their Eyes

Aisha Hikma

- Bachelor of Chemical Engineering Technology (Biotechnology) with Honours
- Vice President 2 of UTHM Global Society(UGS)

Quote:

"Being in UTHM Pagoh for the past few years have been quite an experience. Here, there's association that focus on international and mobility students such as Buddy's Association and UGS that always make sure we are not bored, and our weekend are preoccupied with some sort of culture exchanging programme.

Of course with the positive, there's always some sort of negative. However the good outweigh the bad by a milestone.

All in all, I can see myself in a few years down the line, cherishing these wonderful days of my youth."
